

BAKED BEANS

Jean Davis

comments

These beans are easy to do, however they taste as if they were done from scratch.

notes

I always double the recipe because people love them, and the leftovers are great.
Preheat oven to 350 degrees.
Serves 6

Ingredients

prepare in advance

Measure

3/4 C brown sugar (light or dark)
1 tsp. dry mustard
1/2 C catsup

Cut into 1/4" pieces

6 slices bacon

Have available

2 lb. Campbell's canned baked beans (I've tried other brands and don't like them as well.)

complete recipe

Mix together the baked beans, brown sugar, and mustard.

Ladle the catsup over the top.

Sprinkle the bacon evenly on top.

Bake 2+ hours at 350 degrees, until the bacon drippings seem absorbed.
